

Space Jam 14

Merit Badge Schedule 7/19/2020 Please submit the regular schedule for new registrations.

We are excited to have an opportunity to start you on new life journeys. Unlike the past thirteen Space Jam's this year you will be using your own laptop and many sessions will give you new skills that once learned can be expanded on, possibly to lifelong careers and hobbies.

Pick a class from each time slot (but no more than 5 or 6 total, incl one on Fri but only if you were registered for a Fri class for the in-person schedule). You may NOT audit other classes as they are limited.

Friday Night August 7th Merit Badges Start at 6 PM:

- Bird Study
- Stamp Collecting
- Animation - Unity 3D programming
- Sculpture - using 3D printers

Saturday 8th of August 2020 starting at 7:30 AM:
